TIMES SCHOOL SURVEY 2020

We arrived upon the finest of schools of respective boards through a Zone wise survey done by Market Xcel Data Matrix Pvt. Ltd. The objective of this research was to rank the top schools in each zone in Pune. The research had 3 major modules i.e. Desk Research, Factual survey & Perceptual Rating survey. Post collection of data a methodical analysis was done to rate the various schools that participated in the study and rank them accordingly. A sample survey was conducted across three zones in Pune – East, West and PCMC.

Best efforts were made to reach to every school in Pune; however, any entity that did not send complete "Fact-Sheet" within the allotted time were not included in the survey. Any entity which has expressly stated unwillingness to participate in the survey were excluded from the survey.

City International School Spells Success with Blended Approach in Online Schooling

Strengthening its commitment towards 'Creating Global Citizens', City International School (CIS) has seamlessly embraced the digital platform to guide its students through the meticulously curated curriculum.

To avoid any possible academic disadvantage to the students due to the pandemic, CIS unrolled its online classes from June 1, 2020, well before the usual timeline. Moreover, CIS adopted a blended approach for its online schooling programme; synchronous (live inter-

active sessions with teachers, three days a week) and asynchronous (video tutorials via YouTube links, three days a week). CIS has already resumed classroom teaching and learning for grades 9, 10, 11 and 12, and they will soon proceed with the same for grades 5 to 8. They also noticed that the students were very excited to return to face-to-face schooling, which in itself is a milestone in these uncertain times.

The CIS curriculum for the Pre-Primary, Primary, Middle School, and the Secondary School, boasts of rich international dimensions. What rests at the core of the CIS curriculum's ethos is the idea of educating beyond the theoretical confines of textbooks and arming students with skills that would best

prepare them for the greater challenges of life. Bolstering numerous facets of the students' personalities — like sharpening conflict-solving abilities, for instance — the modern teaching systems and a comprehensive curriculum promotes holistic personality development by instill-

ing a sense of respect towards the other as also a sense of responsibility towards the self.

With the organisation now having entered its 24th year in the field of education, CIS continues to utilise its invaluable experience in taking on challenges and adapting to them. Therefore, CIS is now well-prepared for any eventuality. For the upcoming annual year 2021-22, CIS has a detailed plan for both offline and online schooling with various new online activities to keep the children engaged in a fun, stress-free manner.

From con

24
YEARS OF
EDUCATION
EXCELLENCE

ducting several pre-primary activities to holding dance and physical fitness classes, CIS' online schooling arrangements, powered by live interactive sessions on Google Meet, have taken care of all possible aspects of a wholesome curriculum. The result of several such measures is that our students have consistently scored high marks in all exams. Moreover, all these years, our grade X and XII students have passed the board exams with

flying colours.

The cornerstone of the prosperous evolution of CIS has been Maulik N. Dixit and his relentless pursuit of a progressive, student-centric atmosphere, with an unwavering goal of shaping students into global citizens instilled with values of integrity, respect, and responsibility. Dixit's idea of education is focussed on empowering students with wisdom that extends beyond the scholastic confines of classrooms and curriculum. With more than 25 years of experience in the field of education, Dixit, as Chairman and Managing Trustee of City International Group of Schools, heads schools in Pune and Mumbai, affiliated to CBSE and ICSE boards.
